Queenie learned the principles that she teaches through her own personal journey in overcoming anxiety, depression, panic attacks, herniated discs, and fibromyalgia/chronic fatigue syndrome.

These physical ailments were all the result of her living her life void of Self-Love.

As a Christian Life Coach and radio show host, Queenie writes and regularly speaks to women (and girls) about the importance of Self-Love. She has also developed programs and products that are all designed to support her mission of empowering women worldwide.

"As young girls, we learned to cook, clean and nurture those around us. But there were no extensive instructions on the importance of loving ourselves nor the methods by which we are to do so...until today"

The Women Are Talking!!!

"Where have you been all my life? I've been praying for something like this. I never expected it to be this good! Every woman should experience this! There are no words to express my gratitude for this organization."
Alaina G., Charlotte, NC

"Sometimes we avoid looking within for fear that we might not like what we see. Welcome 2 Womanhood not only helps you to see inside the woman you are today (and find that beautiful part of yourself), but it also helps you to see inside the woman that you are destined to become. It was better than I ever expected!"
Cheryl R., Atlanta, GA

"I truly enjoyed the workshop. It was very interactive. I feel inspired to take the love that I have for myself to another level...I enjoyed being able to look at myself deeply, as well as hear from other women."
